REASONS FOR DECISION			
The red card report indicated a sending off for an offence contrary to Law 9.11. The report of the Foul Play Review Officer indicated that the matter had been considered under Law 9.20a. The FPRC considered that the matter and determined that the offending should be dealt with as an act contrary to Law 9.20a. The FPRC applied the minimum mandatory mid-range sanction of 6 weeks. The victim player was uninjured and there were no other features of the offending that would have warranted a top end sanction. A 50% reduction was applied given the player's age, clean disciplinary record, acknowledgement of having committed an act of foul play and apology. There were no aggravating factors. The sanction therefore was reduced to 3 weeks subject to a possible further reduction of 1 week on successful completion of the Coaching Intervention Programme.
